Report of Independent Auditor

To the Board of Directors Valor Collegiate Academies Nashville, Tennessee

Report on the audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and the general fund of the charter schools comprised of Valor Collegiate Flagship and Valor Collegiate Voyager, collectively, the "Organization", as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Organization's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of the Organization as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

cbh.com

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable
 period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, is the responsibility of management and although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise The Organizations' basic financial statements. The accompanying supplementary information, as listed in the table of contents and the schedule of expenditures of federal awards and state financial assistance as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are also not a required part of the basic financial statements. The information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Roster of Board of Directors and Executive Staff but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 28, 2023 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

Nashville, Tennessee February 28, 2023

Cherry Bekaert LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2022

Our discussion and analysis of Valor Collegiate Flagship ("Flagship") and Valor Collegiate Voyager ("Voyager") (collectively, the "Organization") annual financial performance provides an overview of the Organization's financial activities for the year ended June 30, 2022. This section should be read in conjunction with the financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the Organization exceeded its liabilities and deferred inflows of resources by \$18,147,935.
- Net position increased \$4,120,923 during the year.
- Outlays for new capital assets totaled \$596,133.
- Total revenues of \$33,685,362 were comprised of District Funds 81%, Federal and State Grants 13%, and Private Contributions/Other Income 6% for the year ended June 30, 2022.

OVERVIEW OF THE FINANCIAL STATEMENTS

This financial report consists of a series of financial statements, notes to those statements, required supplementary information, and other information. The statements are organized so the reader can understand the Organization as a whole and then proceed to a detailed look at specific financial activities of the Organization.

Reporting the Organization as a Whole

The statement of net position and statement of activities:

In general, users of these financial statements want to know if the Organization is better off or worse off as a result of the year's activities. The statement of net position and the statement of activities report information about the Organization as a whole and about the Organization's activities in a manner that helps to answer that question. These statements include all assets, deferred outflows, liabilities, and deferred inflows using the accrual basis of accounting. Under the accrual basis, all the current year's revenue and expenses are taken into consideration regardless of when cash is received or paid. The statements start on page 9.

The statement of net position reports the Organization's net position (total assets and deferred outflows of resources less total liabilities and deferred inflows of resources). Private sector entities would report retained earnings. The Organization's net position balance at year-end represents available resources for future growth. The statement of activities reports the change in net position as a result of activity during the year. Private sector entities have a similar report titled statement of operations, which reports net income. The statement of activities provides the user a tool to assist in determining the direction of the Organization's financial health during the year. Users will want to consider non-financial factors as well as the financial data in arriving at a conclusion regarding the overall health of the Organization.

Reporting the Organization's Funds

Fund Financial Statements:

The Organization's fund financial statements, the balance sheet and the statement of revenues, expenditures, and changes in fund balances of governmental funds, begin on page 10. They provide detailed information about the Organization's most significant funds, not the Organization as a whole. Funds are established by the Organization to help manage money for particular purposes and compliance with various grant provisions.

The Organization's funds are categorized as "governmental funds". Governmental funds focus on how money flows into and out of the funds and the balances left at year-end that are available for spending in future years. Fund financial statements are reported using an accounting method called "modified accrual" accounting, which measures cash and other financial assets that can readily be converted to cash. This basis of accounting is different from the accrual basis used in the government-wide financial statements to report on the Organization as a whole. The relationship between governmental activities, as reported in the statement of net position and the statement of activities, and governmental funds, as reported in the balance sheet and the statement of revenues, expenditures, and changes in fund balances is reconciled in the basic financial statements on pages 11 through 14.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position

The Organization's assets and deferred outflows of resources exceeded the Organization's liabilities and deferred inflows of resources at the close of the year, resulting in net position of \$18,147,935.

As of June 30, 2022, the Organization had invested \$33,429,132 in capital assets. This investment includes buildings and improvements, instructional and support furniture, instructional computers for teachers, student computer labs, and maintenance equipment for instructional purposes. The Organization expects additional capital asset investments in the 2021-2022 school year as student enrollment increases at each grade level. With the additional students, there will be continued requirements for furniture, computers, and equipment.

The Organization has purchased its facilities through the issuance of long-term debt. The Organization had \$29,579,700 of outstanding debt at June 30, 2022.

Additional information on capital assets is located in the notes to the financial statements.

Changes in Net Position

	 2022	 2021
Current assets	\$ 13,385,031	\$ 10,131,617
Restricted assets	388,839	331,546
Capital assets, net	33,429,132	34,330,572
Net pension assets	4,015,089	2,854,371
TCRS Stabilization Reserve Trust	 492,123	360,020
Total assets	 51,710,214	48,008,126
Deferred outflows of resources	 2,490,789	1,019,112
Current liabilities	1,600,300	1,241,606
Long-term debt	 29,579,700	 30,361,474
Total liabilities	 31,180,000	 31,603,080
Deferred inflows of resources	4,873,068	3,397,146
Net position:		
Net investment in capital assets	4,238,271	4,300,644
Restricted	4,896,051	3,545,937
Unrestricted	9,013,613	6,180,431
Total net position	\$ 18,147,935	\$ 14,027,012

The Organization's total net position increased \$4,120,923 during the year ended June 30, 2022. The increase in the Organization's net position indicates the Organization had more incoming revenues than outgoing expenses during the year. There was an increase of \$5.4 million or 25% in district funding compared to an increase of 7.7% in enrollment during fiscal year 2022, the additional increase relates to an increase in per pupil funding. There also was an approximate \$1.3 million (44%) increase in federal and state revenues primarily related to CARES Act and ARPA related grants.

VALOR COLLEGIATE ACADEMIES MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2022

A schedule of the Organization's revenue and expenses is as follows for the years ended June 30:

	 2022	 2021
Revenues:		
District funding	\$ 27,401,833	\$ 21,973,963
Contributions	1,192,821	4,040,372
Federal and state funding	4,346,862	3,001,316
Other	743,846	361,284

	29,564,439	23,286,997
Change in net position	\$ 4,120,923	\$ 6,089,938

FINANCIAL ANALYSIS OF THE ORGANIZATION'S FUNDS

The Organization's funds, as presented on the balance sheet on page 11 reported a fund balance of \$12,069,739. The Organization is reported as one General Fund representing all operations of the Organization. Due to the different basis of accounting, there is a difference between the amounts reported under the Organization's funds and the amounts reported as school wide. For the June 30, 2022 year-end, the difference consists of capital assets, net pension assets, long-term debt, deferred inflows of resources, and deferred outflows of resources which are not reported in the Organization's General Fund.

ORGANIZATION ACTIVITIES

The Organization exists to prepare a diverse student population for success in college and to empower to live inspired, purposeful lives. It offers a rigorous, college preparatory program in which students of all previous preparation levels will find success. Significant time and resources are invested into programs that develop scholars' social-emotional skills, character strengths, and physical health.

The Organization believes that its diversity makes it strong; that it enrolls families, not just scholars; that everyone deserves the opportunity to fulfill their potential and captain their destinies; that its humanity is found through relationships with others; that greatness comes from having a growth mindset and that effort, more than talent, matters in the end; that social justice is everyone's responsibility; that excellence is a habit developed through perfect practice; that great schools are fueled by joy; that everything can be done with kindness; and that it takes valor to be the best you can be.

VALOR COLLEGIATE ACADEMIES MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2022

WHAT MAKES VALOR UNIQUE?

High-quality academics, with results among the top in the state. Since inception, Valor has ranked in the top 5% for academic achievement AND growth across the state (nine years in a row). There are very few schools across the state (less than 1%) who are top 5% in both achievement and growth. In the fall of 2022, all of Valor's schools were named Tennessee Rewards Schools for their 2021-22 state test results, with Voyager and Flagship awarded this honor for the fourth year in a row. Valor College Prep and Flagship are jointly awarded this honor since they are under the same charter. Valor Voyager was ranked #1 in the state in composite growth, out of all 1,300+ schools. Valor Flagship ranked #2 in the state for composite growth, and Valor College Prep ranked 4th in the state in ACT growth.

Designed to support scholars' academic, social, and emotional growth. Our school is built around our Compass model – a human development model that is grounded in the foundational elements of what it means to be human. "Working the Compass" means growing in body, heart, mind, and spirit in pursuit of excellence in every dimension. Scholars belong to Prides – small, intentionally diverse, single-gendered groups – where a mentor teacher guides them through self-directed Compass Phase work that helps them develop their own Inner Compass.

An economically and culturally diverse learning environment. Valor was founded upon the belief that having a truly diverse community of families and learners in a thoughtfully designed model allows for everyone to have a higher quality and more meaningful experience. Our current scholar population is approximately 28% white, 19% Middle Eastern, 25% Hispanic and Latino, 15% African American, 7% Asian, and 1% other, with approximately half of our scholars coming from lower income and half from middle income homes.

Valor envisions a world where all children have equitable access to an education that prepares them to live inspired and purposeful lives. We strongly believe that engaging students – and the community that supports them – in comprehensive human development, including attending to their character development, is essential to their, and our collective success. Learn more at https://valorcollegiate.org.

STUDENT ENROLLMENT FACTORS AND NEXT YEAR'S BUDGET

Fiscal year 2022 enroll is projected to be slightly over 1,900 students across the network. The Organization anticipates an increase in total Basic Education Program funding as a result of the historical trends for the per pupil payment. The Organization doesn't anticipate any significant student or faculty growth, as it has now reached full enrollment capacity.

CONTACTING THE ORGANIZATION'S FINANCIAL MANAGEMENT

This financial report is designed to provide our students' parents, Davidson County taxpayers, donors, creditors, authorities over grant funding, and agencies tasked with oversight of Metropolitan Nashville Public Schools with a general overview of the Organization's finances and to demonstrate the Organization's accountability of the money it receives. If you have questions about this report or need additional financial information, contact the Organization's Chief Operating Officer, Thomas Branch, at Valor Collegiate Academies, 4527 Nolensville Pike, Nashville, TN 37211, by telephone at (615) 823-7982, or email at tbranch@valorcollegiate.org.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 1—Reporting entity

These financial statements present the charter schools managed by Valor Collegiate Academies, a Charter Management Organization. For Tennessee reporting purposes, a Charter School Management Organization is defined as a nonprofit entity that operates multiple charter schools at least one of which is in Tennessee. The charter schools included in the accompanying financial statements are Valor Collegiate Flagship ("Flagship") and Valor Collegiate Voyager ("Voyager") (collectively, the "Organization").

Note 2—Summary of significant accounting policies

The significant accounting policies and procedures followed by the Organization are as follows:

Organization – Valor Collegiate Academies currently operates three charter schools within Davidson County, Tennessee: Flagship, Voyager, and College Prep. Pursuant to Section 6(1)(a) of the Tennessee Public Charter School Act of 2002 (the "Act"), each school has been approved as a public charter school. Pursuant to the Act, public charter schools are part of the state's public education program offering an alternative means within the public school system for accomplishing necessary outcomes of education.

Valor Collegiate Academies entered into a Charter School Agreement with the Metropolitan Nashville Board of Education effective July 1, 2014, to operate Flagship as a charter school in Nashville, Tennessee. The school began classes in August 2014 and currently enrolls students in grades five through eight. Per Flagship's charter agreement, enrollment in the school is open to any student within the Metropolitan Nashville Public Schools ("MNPS") System who resides in Davidson County.

Under the above agreement, Valor Collegiate Academies also operates College Prep. The school began classes in August 2018 and currently enrolls students in grades nine through twelve. Per the charter agreement, enrollment in the school is open to any student within the MNPS System who resides in Davidson County.

Valor Collegiate Academies entered into a Charter School Agreement with the Metropolitan Nashville Board of Education effective January 16, 2015, to operate Voyager as a charter school in Nashville, Tennessee. The school began classes in August 2015 and currently enrolls students in grades five through eight. Per Voyager's charter agreement, enrollment in the school is open to any student within the MNPS System who resides in Davidson County.

Basis of Accounting – As required by the state of Tennessee Audit Manual, issued by the Tennessee Comptroller of the Treasury, the Organization accounts for its financial transactions in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") as applied to governmental agencies. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

The Organization, in accordance with governmental accounting standards, is considered a special purpose governmental entity that is engaged in governmental activities and is not a component unit of another governmental entity. Therefore, the financial statements are prepared in the same manner as general purpose governments.

Basic Financial Statements – The Organization's basic financial statements include both government-wide (reporting the Organization as a whole) and fund financial statements (reporting the Organization's major funds). The Organization's primary activities are all considered to be governmental activities and are classified as such in the government-wide and fund financial statements.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 2—Summary of significant accounting policies (continued)

Government-Wide Financial Statements – The government-wide financial statements focus on the sustainability of the Organization as an entity and the change in the Organization's net position resulting from the current year's activities.

In the government-wide statement of net position, activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Under the accrual basis, revenues are recognized when earned and expenses are recognized when incurred.

The statement of net position presents the financial condition of the Organization at year-end. Governmental accounting standards require the classification of net position into three components: net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by outstanding balances (if any) of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investments in capital assets. Rather, that portion of the debt is included in the same net asset component as the unspent proceeds.

Restricted – This component of net position consists of constraints placed on net assets use through external constraints imposed by creditors (such as through debt covenants), contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. Restricted net position totaled \$4,986,814 at June 30, 2022, and consists of restricted cash, net pension assets, and the Tennessee Consolidated Retirement System ("TCRS") Stabilization Reserve Trust.

Unrestricted – This component of net position consists of net position that does not meet the definition of restricted or net investment in capital assets. When both restricted and unrestricted assets are available for use, it is the Organization's policy to utilize restricted assets first, then unrestricted assets as needed.

The government-wide statement of activities reports both the gross and net cost of the Organization's functions. The functions are also supported by general government revenues (general revenues are primarily made up of district Basic Education Program funding and donations to the general fund). The statement of activities reduces gross expenses by related function revenues, operating, and capital grants. Program revenues must be directly associated with the function. The net costs by function are normally covered by general revenue. The Organization allocated indirect cost between functions.

Fund Financial Statements – The financial transactions of the Organization are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues, and expenses.

The emphasis on fund financial statements is on the major funds. Nonmajor funds by category are summarized in a single column. Governmental accounting standards set forth minimum criteria for the determination of major funds. The Organization's major funds represent the operations of the individual schools in aggregate which has been reported as a general fund. This fund accounts for all financial resources of the Organization, except those required to be accounted for in another fund. All the Organization's financial resources were accounted for in this general fund as of June 30, 2022.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 2—Summary of significant accounting policies (continued)

The Organization's general fund is reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are measurable. Revenues are considered to be available if they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Organization considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred under accrual accounting.

The governmental funds' focus is upon the determination of financial resources, their balance, sources, and use, rather than upon net income. The Organization follows governmental accounting standards that classify governmental fund balances as: nonspendable, restricted, committed, assigned, or unassigned based on the level of constraints on the fund balances. When an expenditure is incurred in which both restricted and unrestricted funds are available for use, it is the Organization's policy to spend restricted funds first, then unrestricted funds. When an expenditure has been incurred for purposes in which multiple categories of unrestricted funds are available, it is the Organization's policy to spend funds in the following order: committed, then assigned, and lastly unassigned funds. The classifications of fund balances are defined as follows:

Nonspendable – This classification consists of fund balances that cannot be spent because they are either not in spendable form, for example, noncash amounts that are not expected to be converted to cash, or the funds are legally or contractually required to be maintained intact.

Restricted – This classification consists of fund balances with external constraints on use imposed by creditors (such as through debt covenants), contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Committed – This classification consists of fund balances that can only be used for specific purposes established by formal action of the Organization's Board of Directors, its highest level of decision-making authority. Such commitments should include contractual obligations of fund assets. Fund balance commitments can only be removed by the same process of the same body employed to previously commit those amounts.

Assigned – This classification consists of all fund balances that are not in the general fund or classified as nonspendable, restricted, or committed. In addition, general fund balances that the Organization intends to use for specific purposes are also classified as assigned. The Organization gives the authority to assign amounts to specific purposes to the Organization's Founder and CEO and personnel under the supervision of the Founder and CEO tasked with financial recording responsibilities.

Unassigned – This classification consists of all fund balances in the general fund that are not reported as nonspendable, restricted, committed, or assigned.

Functional Allocation of Expenses – The costs of providing various programs and other services have been reported on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs, general and administrative, and fundraising, based on estimates made by management.

Cash and Cash Equivalents – The Organization considers deposits that can be redeemed on demand and investments that have original maturities of less than three months, when purchased, to be cash equivalents. As of June 30, 2022, the Organization's cash and cash equivalents were deposited in two financial institutions.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 2—Summary of significant accounting policies (continued)

Restricted assets, fund balance and net position consist of amounts held in the pension stabilization trust by the TCRS for the benefit of the Organization's Teacher Retirement Plan. The purpose of this trust is to accumulate funds to provide stabilization (smoothing) of retirement costs to the school system in times of fluctuating investment returns and market downturns. These funds are held and invested by TCRS pursuant to an irrevocable agreement and may only be used for the benefit of the Organization to fund retirement benefits upon approval of the TCRS Board of Directors. To date, the Organization has not withdrawn any funds from the trust to pay pension cost. Trust documents provide that the funds are not subject to the claims of general creditors of the Organization. See Note 7 for description of further restrictions.

Accounts Receivable – Accounts receivable represent amounts due from grants or funding which have been approved but not received. All receivables are reported at estimated collectible amounts. Receivables balance as of June 30, 2022 totaled \$4,659,191. Management has determined all receivable balances are collectible and, therefore, no allowance has been recorded as of June 30, 2022.

Due to/from Other Funds – This represents receipts and disbursements collected and paid, respectively, by one fund on behalf of the other that is due as of year-end.

Capital Assets – Property and equipment are recorded at acquisition cost, if purchased, or the fair value on the date received, if donated. The cost of routine maintenance and repairs is expensed as incurred. Expenditures which materially extend the economic lives, change capacities, or improve the efficiency of the related assets are capitalized. Upon sale or retirement, the cost and related accumulated depreciation are removed from the respective accounts, and the resulting gain or loss, if any, is included in the statement of activities. Depreciation is provided using the straight-line method over the estimated useful lives of the assets, ranging from three to seven years, or over the term of the lease for leasehold improvements, if less. The Organization follows the practice of capitalizing all expenditures for property and equipment items over \$5,000.

Deferred Outflows/Inflows of Resources – In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future year and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Organization reports the following deferred outflow of resources related to the pensions: Contributions made subsequent to the pension measurement date, difference between expected and actual experience, difference between projected and actual investment earnings, and changes in proportionate share of the net pension (asset) liability.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future year and so will not be recognized as an inflow of resources (revenue) until that time. The Organization also reports the following deferred inflow of resources related to pensions: differences between expected and actual experience and differences between projected and actual investment earnings.

Grants – The Organization received federal financial assistance through state agencies. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies.

Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material, adverse effect on the overall financial position of the Organization as of June 30, 2022.

Income Taxes – The Organization is a not-for-profit school that is exempt from federal income taxes under the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation and is similarly exempt from state income taxes.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 2—Summary of significant accounting policies (continued)

Pensions – The Organization participates in the following three defined benefit pension plans:

Certified Employees - Tennessee Consolidated Retirement System (TCRS) collectively, the (TCRS Plans)

- Teacher Legacy Pension Plan
- Teacher Retirement Plan

Non-Certified Employees – Metropolitan Government of Nashville and Davidson County, Tennessee ("Metropolitan Government")

Metro Pension Plan of the Metropolitan Employees Benefit Trust (the "Metro Plan")

For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans, and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the TCRS and the Metropolitan Government. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Teacher Legacy Pension Plan, the Teacher Retirement Plan, and the Metro Pension Plan. Investments are reported at fair value.

Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates.

Budgetary Comparison Statement – The Organization is not required to adopt a legally binding budget; therefore, no budgetary comparison statement of the General Fund has been presented.

Subsequent Events – The Organization entered into a new loan agreement for \$32,298,198 on September 2, 2022, which consolidated the Organization's outstanding debt. The loan agreement requires minimum monthly payments of \$173,360 beginning October 1, 2022 and ending September 1, 2052 and has a fixed interest rate of 5.00%.

The Organization has evaluated subsequent events for potential recognition and disclosure through February 28, 2023, the date the financial statements were available to be issued.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 3—Capital assets

Capital assets consist of the following:

	June 30, 2020	Additions	Deletions	Transfers	June 30, 2021
Buildings and improvements	\$ 32,510,076	\$ 107,967	\$ -	\$ 1,854,218	\$ 34,472,261
Furniture and fixtures	835,843	2,037	-	-	837,880
Computer equipment	1,411,564	282,250	-	-	1,693,814
Land	3,695,000	-	-	-	3,695,000
Construction in progress	1,854,218	203,879	-	(1,854,218)	203,879
Autos and trucks	44,450				44,450
	40,351,151	596,133	-	-	40,947,284
Accumulated depreciation	(6,020,579)	(1,497,573)			(7,518,152)
Capital assets, net	\$ 34,330,572	\$ (901,440)	\$ -	\$ -	\$ 33,429,132

Depreciation expense was charged to functions as follows:

Governmental activities:		
Student instruction and services	\$	1,404,686
Administration		92,887
	\$	1,497,573

Note 4—Long-term debt

In February 2015, the Organization entered into a loan agreement with Self-Help New Markets XIV, LLC for the purchase of certain real estate. The agreement is secured by a first priority lien on the Organization's real estate and other personal property related to Flagship. Additionally, the agreement contains restrictive covenants. At June 30, 2022, management believes they are in compliance with these covenants. The note required monthly interest payments at 4.43% through August 2015. Commencing on September 1, 2015, the note requires monthly principal and interest payments of \$22,540 with any remaining principal and accrued and unpaid interest due on December 1, 2022. Amounts outstanding under this note totaled \$3,346,936 at June 30, 2022.

In February 2016, the Organization entered into a loan agreement with Self-Help Ventures Fund for the purchase of certain real estate and construction of property. The agreement is secured by a first priority lien on the Organization's real estate and other personal property related to Voyager. Additionally, the agreement contains restrictive covenants. At June 30, 2022, management believes they are in compliance with these covenants. The funds were placed in a disbursement account by the lender and released as requested for payment of construction progress. The loan is composed of two tranches, Tranche A and Tranche B. Tranche A represents the portion of the loan equal to \$6,300,000 and Tranche B represents the remainder of the loan, up to the maximum loan amount of \$10,080,000. The note required monthly interest payments at 4.00% and 6.26% for Tranche A and Tranche B, respectively, through February 2017. Commencing March 1, 2017, the note required monthly principal and interest payments of \$58,434 with any remaining principal and accrued and unpaid interest due on January 1, 2023. Amounts outstanding under this note totaled \$8,809,177 at June 30, 2022.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 4—Long-term debt (continued)

In October 2017, the Organization entered into a loan agreement with Self-Help New Markets XIV, LLC ("SHNM") and Self-Help Credit Union ("SHCU") for the construction of property. The agreement is secured by a first priority lien on the premises and first priority perfected lien on all personal property of the Organization related to College Prep. Additionally, the agreement contains restrictive covenants. At June 30, 2022, management believes they are in compliance with these covenants. The funds were placed in a disbursement account by the lender and released as requested for payment of construction progress. The loan is composed of advances, Loan A and Loan B. Loan A represents the portion of the loan equal to \$1,275,000 and is advanced from SHNM. Loan B represents the remaining portion of the loan up to \$9,880,000 and is advanced from SHCU. The note required monthly interest payments at 4.35% and 5.85% for Loan A and Loan B, respectively, through November 2018. Commencing December 1, 2018, the note required monthly principal and interest payments based upon an amortization schedule of 25 years with any remaining principal and accrued and unpaid interest due on February 1, 2023. The loan had an effective blended rate of 4.54% at June 30, 2022. Amounts outstanding under this note totaled \$10,324,757 at June 30, 2022.

In October 2017, the Organization entered into a loan agreement with Charter School Growth Fund Facility Fund III LLC for the development of a new public school facility. The note ranks junior to all of the Organization's deposit accounts, senior debt obligations, amounts owed to general trade creditors, and all other unconditional, unsecured, senior and subordinated debt obligations. Additionally, the agreement contains restrictive covenants. At June 30, 2022, management believes they are in compliance with these covenants. The note requires a principal payment of \$1,500,000 plus all unpaid accrued interest at 2.75% on October 31, 2020 with the remaining balance and accrued unpaid interest due on February 1, 2023. Amounts outstanding under this note totaled \$1,500,000 at June 30, 2022.

In September 2019, the Organization entered into a loan agreement with SHCU for the purchase of real property. The agreement is secured by a first priority lien on the premises. The note requires monthly interest payments at 4.50% through September 2020. Commencing on October 1, 2020, the note requires monthly principal and interest payments based on an amortization schedule of 20 years with any remaining principal and accrued and unpaid interest due on December 1, 2022. Amounts outstanding under this note totaled \$2,122,507 at June 30, 2022.

In October 2020, the Organization entered into a loan agreement with Pinnacle Bank. Under terms of the loan, the Organization received \$1,600,000. Commencing on November 15, 2020, the note requires monthly interest payments of 4.00% with any remaining principal and accrued and unpaid interest due on November 25, 2022. Amounts outstanding under this note totaled \$1,600,000 at June 30, 2022.

In May 2021, the Organization entered into a loan agreement with Pinnacle Bank. Under terms of the loan, the Organization received \$1,876,323. Commencing on June 27, 2021, the note requires monthly interest payments of 4.00% with any remaining principal and accrued and unpaid interest due on November 25, 2022. Amounts outstanding under this note totaled \$1,876,323 at June 30, 2022.

Long-term debt activity for the year ended June 30, 2022 is as follows:

	June 30, 2021	Add	litions	Re	ductions	Jı	ıne 30, 2022	Current
Charter School Growth Fund	\$ 1,600,000	\$	-	\$	100,000	\$	1,500,000	\$ 1,500,000
Self-Help New Markets XIV, LLC	16,214,765		-		420,565		15,794,200	15,794,200
Self-Help Ventures Fund	9,070,386		-		261,209		8,809,177	8,809,177
Pinnacle Bank Loans	3,476,323		-		_		3,476,323	3,476,323
	\$ 30,361,474	\$	_	\$	781,774	\$	29,579,700	\$ 29,579,700

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 4—Long-term debt (continued)

All amounts outstanding including accrued interest were due and payable during fiscal year 2023. However, on September 2, 2022, subsequent to year-end, the Organization entered into a new loan agreement in which it consolidated all of its outstanding debt.

Future principal payments on this new note are as follows:

Years Ending June 30.	Principal	Principal Interest	
2023	\$ 361,292	\$ 1,198,946	\$ 1,560,238
2024	494,550	1,585,767	2,080,317
2025	519,854	1,560,462	2,080,316
2026	546,454	1,533,863	2,080,317
2027	574,414	1,505,903	2,080,317
2028 - 2032	3,344,190	7,057,393	10,401,583
2033- 2037	4,291,898	6,109,685	10,401,583
2038 - 2042	5,508,178	4,893,406	10,401,584
2043 - 2047	7,069,137	3,332,446	10,401,583
2048 - 2052	9,072,457	1,329,127	10,401,584
2053	515,774	4,303	520,077
Total	\$ 32,298,198	\$ 30,111,301	\$ 62,409,499

Note 5—Concentrations

The Organization received 78% of its funding for operations from MNPS based on the state of Tennessee's Basic Education Program ("BEP"). BEP funding is designated to schools based on student attendance. Gross BEP funding for the year ended June 30, 2022 was \$26,560,887.

Note 6—Retirement plans

Teacher Legacy Pension Plan of TCRS

General Information about the Pension Plan

Plan Description – The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies.

Teachers employed by the Organization with membership in the TCRS before July 1, 2014 are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS.

The Teacher Legacy Pension Plan closed to new membership on June 30, 2014 but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by Local Education Agencies ("LEA") after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 6—Retirement plans (continued)

Teacher Legacy Pension Plan of TCRS (continued)

Benefits Provided – Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with five years of service credit, or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive years average compensation and the member's service credit. A reduced early retirement benefit is available at age 55 if vested. Members are vested with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10% and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments ("COLA") after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index ("CPI") during the prior calendar year, capped at 3%, and applied to the current benefit. No COLA is granted if the change in the CPI is less than ½%. A 1% COLA is granted if the CPI change is between ½% and 1%. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

Contributions – Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers contribute 5% of salary. The LEAs make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by the Organization for the year ended June 30, 2022 to the Teacher Legacy Pension Plan were \$216,657, which is 10.63% of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Assets – At June 30, 2022, the Organization reported an asset of \$2,525,516 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2021, and the total pension liability used to calculate the net pension asset was determined by an actuarial value as of that date. The Organization's proportion of the net pension asset was based on the Organization's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2021, the Organization's proportion was 0.058599%. The proportion measured as of June 30, 2020 was 0.049834%.

Pension Expense – For the year ended June 30, 2022, the Organization recognized pension benefit of \$382,550.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 6—Retirement plans (continued)

Teacher Legacy Pension Plan of TCRS (continued)

Deferred Outflows of Resources and Deferred Inflows of Resources – For the year ended June 30, 2022, the Organization reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources			Deferred nflows of Resources
Differences between expected and actual experience	\$	8,494	\$	210,803
Changes in assumptions		675,310		-
Net difference between projected and actual earnings on pension plan investments		-		2,015,638
Changes in proportion of net pension liability (asset)		6,176		54,491
LEAs contributions subsequent to the measurement date of June 30, 2021	\$	216,657 906,637	\$	2,280,932

The Organization's employer contributions of \$216,657, reported as pension related deferred outflows of resources, subsequent to the measurement date, will be recognized as an increase of net pension liability (asset) in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ending June 30,

2023	\$ (380,254)
2024	(367,366)
2025	(299,370)
2026	(543,962)
	\$ (1,590,952)

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions – The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	Graded salary ranges from 8.72% to 3.44% based on age, including inflation, averaging 4.00%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation
COLA	2.125%

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 6—Retirement plans (continued)

Teacher Legacy Pension Plan of TCRS (continued)

The actuarial assumptions used in the June 30, 2021 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016 through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020 actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25%. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the table on the following page.

	Long-Term	
Asset Class	Expected Real Rate of Return	Target Allocation
U.S. equity	4.88%	31%
Developed market international equity	5.37%	14%
Emerging market international equity	6.09%	4%
Private equity and strategic lending	6.57%	20%
U.S. fixed income	1.20%	20%
Real estate	4.38%	10%
Short-term securities	0.00%	1%
		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75% based on a blending of the factors described above.

Discount Rate – The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from all the LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Teacher Legacy Pension Plan of TCRS (continued)

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate – The following table presents the Organization's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.75%, as well as what the Organization's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate:

	Current						
		Decrease (5.75%)	Dis	scount Rate (6.75%)	1'	% Increase (7.75%)	
Proportionate share of the net pension							
liability (asset)	\$	(449,813)	\$	(2,527,516)	\$	(4,256,580)	

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan – At June 30, 2022, the Organization reported no payable for outstanding amounts of contributions to the pension plan required at the year ended June 30, 2022.

Teacher Retirement Plan of TCRS

General Information about the Pension Plan

Plan Description – The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies.

Teachers employed by the Organization with memberships in TCRS before July 1, 2014 are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS.

The Teacher Legacy Pension Plan closed to new membership on June 30, 2014 but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by LEAs after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 6—Retirement plans (continued)

Teacher Retirement Plan of TCRS (continued)

Benefits Provided - Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Retirement Plan are eligible to retire at age 65 with five years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. A reduced early retirement benefit is available at age 60 and vested or pursuant to the rule of 80. Members are vested with give years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10% and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic COLAs after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the CPI during the prior calendar year, capped at 3%, and applied to the current benefit. No COLA is granted if the change in the CPI is less than ½%. A 1% COLA is granted if the CPI change is between ½% and 1%. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLA, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions – Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers contribute 5% of salary. The LEAs make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing the TCRS, the employer contribution rate cannot be less than 4%, except for in years when the maximum funded level, as established by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2022, to the Teacher Retirement Plan were \$156,905, which is 2.03% of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

Pension Assets – At June 30, 2022, the Organization reported an asset of \$455,096 for its proportionate share of the net pension asset The net pension asset was measured as of June 30, 2021, and the total pension liability used to calculate the net pension asset was determined by an actuarial value as of that date. The Organization's proportion of the net pension asset was based on the Organization's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2021, the Organization's proportion was 0.420136%. The proportion measured as of June 30, 2020 was 0.385902%.

Pension Expense – For the year ended June 30, 2022, the Organization recognized pension expense of \$48.781.

<u>Pension Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources</u> Related to Pensions

Deferred Outflows of Resources and Deferred Inflows of Resources – For the year ended June 30, 2022, the Organization reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources			Deferred Inflows of Resources		
Differences between expected and actual experience	\$	7,917	\$	83,273		
Net difference between projected and actual earnings on pension plan investments		-		261,965		
Changes in assumptions		164,149		-		
Changes in proportion of net pension liability (asset)		-		65,702		
to the measurement date of June 30, 2021	\$	156,905 328,971	\$	- 410,940		

The Organization's employer contributions of \$156,905 reported as pension related deferred outflows of resources, subsequent to the measurement date, will be recognized as an increase of net pension liability (asset) in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows in the following table.

Years Ending June 30,

2023	\$ (64,026)
2024	(62,592)
2025	(62,184)
2026	(68,776)
2027	1,097
Thereafter	 17,607
	\$ (238,874)

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

NOTES TO THE FINANCIAL STATEMENTS

Note 6—Retirement plans (continued)

Teacher Retirement Plan of TCRS (continued)

Actuarial Assumptions – The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25%

Salary increases Graded salary ranges from 8.72% to 3.44% based on age, including

inflation, averaging 4.00%

Investment rate of return 6.75%, net of pension plan investment expenses, including inflation

COLA 2.125%

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2021 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016 through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020 actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25%. The best estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table.

Asset Class	Long-Term Expected Real Rate of Return	Target Allocation
U.S. equity	4.88%	31%
Developed market international equity	5.37%	14%
Emerging market international equity	6.09%	4%
Private equity and strategic lending	6.57%	20%
U.S. fixed income	1.20%	20%
Real estate	4.38%	10%
Short-term securities	0.00%	1%
		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75% based on a blending of the factors described above.

C.....

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

Payable to the Pension Plan – At June 30, 2022, the Organization reported no payable for outstanding amounts of contributions to the pension plan required at the year ended June 30, 2022.

Defined Contribution Portion of the Plan – A portion of the Teacher Retirement Plan is a defined contribution plan administered by Great-West Life & Annuity Insurance Company. Under the defined contribution portion of this plan, employees can contribute 2.00% of their salary, which employees can opt out of if they choose, and the Organization is required to contribute 5.00% of active member's annual payroll. For the year ended June 30, 2022, employer contributions totaled \$394,234, which is 5.00% of covered payroll. Employees are immediately vested in the plan.

Metro Plan

General Information about the Pension Plan

Plan Description – The Metro Plan is established under the authority of the Metropolitan Charter, Article XIII and effective April 1, 1963. Approval of the Metropolitan Council is required to establish and amend benefit provisions. Article XIII also required that the pension plan be actuarially sound. Administrative costs of the plan are financed through plan assets. The plan is managed by the Metropolitan Employee Benefit Board, an independent board created by the Metropolitan Charter. The board is composed of 10 members as follows: Finance Director, Human Resources Director, three members appointed by the Mayor, and five members selected by the employees and retirees of the Metropolitan Government. Additional information about the Metro Plan can be found in the publicly available comprehensive annual financial report of the Metropolitan Government. That report may be obtained at www.nashville.gov.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 6—Retirement plans (continued)

Metro Plan (continued)

Benefits Provided – As of July 1, 1995, Division B of the Metro Plan was established for all non-certified employees of the Metropolitan Nashville Public Schools, including charter schools and all other Metro Government employees. Employees with an effective hire date of July 1, 1995, or later are only eligible to participate in Division B of the Metro Plan.

Normal retirement for employees participating in the Metro Plan occurs at the unreduced retirement age which is the earlier of (a) the date when the employee's age plus the completed years of credited service equals 85, but not before age 60; or (b) the date when the employee reaches age 65 and completes five years of credited employee service. The lifetime monthly benefit is calculated as ½ of the sum of 1.75% of average earnings based upon the previous 60 consecutive months of credit service which product the highest earnings. Benefits fully best on completing 10 years of service for employees and nonvested employees hired or rehired on or after January 1, 2013. An early retirement option, with reduced benefits, is available for retired employees if the termination occurs prior to the eligibility under normal retirement but after age 50 and after the completion of 10 years of credited employee service.

All assets of the Metropolitan Employees' Benefit Trust Fund may legally be used to pay benefits to any plan members or beneficiaries.

Contributions – The funding policy is to provide for periodic contributions at actuarially determined rates that are designed to accumulate sufficient assets to pay benefits when due. All funding is provided under an actuarially recommended employee contribution rate of 12.34% for the non-certified employees of the Metropolitan Nashville Public Schools, including charter schools, and all other Metropolitan Government employees. Employer contributions for the year ended June 30, 2022 to the Metro Plan were \$593,124 which is 12.34% of covered payroll.

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

Pension Liabilities – At June 30, 2022, the Organization reported an asset of \$2,254,910 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2022, and the total pension liability used to calculate the net pension asset was determined by an actuarial value as of July 1, 2021. The Organization's proportion of the net pension asset was based on the Organization's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2022, the Organization's proportion was .412984%. The proportion measured as of June 30, 2021 was 0.331511%.

Pension Expense – For the year ended June 30, 2022, the Organization recognized pension expense of \$343,789.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 6—Retirement plans (continued)

Metro Plan (continued)

Deferred Outflows of Resources and Deferred Inflows of Resources – For the year ended June 30, 2022, the Organization reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources			Deferred Inflows of Resources		
Differences between expected and actual experience	\$	409,106	\$	-		
Net difference between projected and actual earnings on pension plan investments		846,075		-		
Changes in assumptions		-		2,181,196		
	\$	1,255,181	\$	2,181,196		

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Years Ending June 30,</u>	
2023	\$ (609,541)
2024	(502,576)
2025	(590,303)
2026	484,860
2027	121,805
Thereafter	 169,740
	\$ (926.015)

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions – The total pension liability was determined by an actuarial valuation as of July 1, 2021. Actuarial assumptions are summarized below:

Inflation	2.50%
Salary increases	4.00%
Investment rate of return	7.00%, net of pension plan investment expenses, including inflation
COLA	1.25%

Mortality rates are based on the 115% RP-2014 Blue Collar Mortality Table (projected to 2023 using Scale MP-17) and the 130% RP-2014 Disability Mortality, as determined by the period actuarial experience study. The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period 2012 to 2017.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 6—Retirement plans (continued)

Metro Plan (continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class from historical returns and consensus expectations of future returns. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Metro Plan's target asset allocation are summarized in the following table:

I ong-Term

Asset Class	Expected Real Rate of Return	Target Range
U.S. equity	5.10%	20-30%
International equity	5.30%	8-18%
Private equity	7.90%	0-15%
Cash equivalents	0.00%	0-5%
Equity hedge	7.90%	0%
Real estate	4.90%	0-15%
Fixed income	2.30%	15-25%
Fixed income alternatives	2.70%	0-21%

Discount Rate – The discount rate used to measure the total pension liability was 7.00%. Based on the Metro Plan assumptions and funding policy, the fiduciary net position for the plan was projected to be available to make all projected future benefit payments to current members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate – The following table presents the Organization's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.00% as well as what the Organization's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate.

Equity hedge	7.90%	0%
Real estate	4.90%	0-15%
Fixed income	2.30%	15-25%

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in a separately issued Metropolitan Government financial report.

Payable to the Pension Plan – At June 30, 2022, the Organization reported no payable for outstanding amounts of contributions to the pension plan required at the year ended June 30, 2022.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 6—Retirement plans (continued)

TCRS Stabilization Trust

Legal Provisions – The Organization is a member of the TCRS Stabilization Reserve Trust. The school department has placed funds into the irrevocable trust as authorized by statute under Tennessee Code Annotated, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the trust. Funds of trust members are held and invested in the name of the trust for the benefit of each member. Each member's funds are restricted for the payment of retirement benefits of that member's employees. Trust funds are not subject to the claims of general creditors of the Organization.

The trust is authorized to make investments as directed by the TCRS Board of Trustees. The Organization may not impose any restrictions on investments placed by the trust on their behalf. It is the intent of the plan trustees to allocate these funds in the future to offset pension costs.

Investment Balances – Assets of the TCRS, including the Stabilization Reserve Trust, are invested in the Tennessee Retiree Group Trust ("TRGT"). The TRGT is not registered with the Securities and Exchange Commission as an investment company. The state of Tennessee has not obtained a credit quality rating for the TRGT from a nationally recognized credit ratings agency. The fair value of investment positions in the TRGT is determined daily based on the fair value of the pool's underlying portfolio. Furthermore, TCRS had not obtained or provided any legally binding guarantees to support the value of participant shares during the fiscal year. There are no restrictions on the sale or redemption of shares.

Investments are reported at fair value. Securities traded on a national exchange are valued at the last reported sales price. Investment income consists of realized and unrealized appreciation (depreciation) in the fair value of investments and interest and dividend income. Interest income is recognized when earned. Securities and securities transactions are recorded in the financial statements on a trade-date basis. The fair value of assets of the TRGT held at June 30, 2022, represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Assets held are categorized for fair value measurement within the fair value hierarchy established by U.S. GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset and give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1 – Unadjusted quoted prices for identical assets or liabilities in active markets that can be accessed at the measurement date.

Level 2 – Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or *similar* assets or liabilities in markets that are not active; assets or liabilities that have a bid-ask spread price in an inactive dealer market, brokered market and principal-to-principal market; and Level 1 assets or liabilities that are adjusted.

Level 3 – Valuations derived from valuation techniques in which significant inputs are unobservable.

Investments where fair value is measured using the net asset value ("NAV") per share have no readily determinable fair value and have been determined to be calculated consistent with the Federal Accounting Standards Board principles for investment companies.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 6—Retirement plans (continued)

TCRS Stabilization Trust (continued)

Where inputs used in the measurement of fair value fall into different levels of the hierarchy, fair value of the instrument in its entirety is categorized based on the lowest level input that is significant to the valuation. This assessment requires professional judgement and as such management of the TRGT developed a fair value committee that worked in conjunction with the plan's custodian and investment professionals to make these valuations. All assets held were valued individually and aggregated into classes as represented in the table on the following page.

Short-term securities generally include investments in money market-type securities reported at cost plus accrued interest.

Equity and equity derivative securities classified in Level 1 are valued using last reported sales prices quoted in active markets that can be accessed at the measurement date. Equity and equity derivative securities classified in Level 2 are securities whose values are derived daily from associated traded securities. Equity securities classified in Level 3 are valued with last trade data having limited trading volume.

U.S. Treasury Bills, Bonds, Notes, and Futures classified in Level 1 are valued using last reported sales prices quoted in active markets that can be accessed at the measurement date. Debt and debt derivative securities classified in Level 2 are valued using a bid-ask spread price from multiple independent brokers, dealers, or market principals, which are known to be actively involved in the market. Level 3 debt securities are valued using proprietary information, a single pricing source, or other unobservable inputs related to similar assets or liabilities.

Real estate investments classified in Level 3 are valued using the last valuations provided by external investment advisors or independent external appraisers. Generally, all direct real estate investments are appraised by a qualified independent appraiser(s) with the professional designation of Member of the Appraisal Institute, or its equivalent, every three years beginning from the acquisition date of the property. The appraisals are performed using generally accepted valuation approaches applicable to the property type.

Investments in private mutual funds, traditional private equity funds, strategic lending funds, and real estate funds that report using U.S. GAAP, the fair value, as well as the unfunded commitments, were determined using the prior quarter's NAV, as reported by the fund managers, plus the current cash flows. These assets were then categorized by investment strategy. In instances where the fund investment reported using non-U.S. GAAP standards, the investment was valued using the same method, but was classified in Level 3.

Weighted

At June 30, 2022, the Organization had the following investments held by the trust on its behalf.

	Average		
	Maturity		Fair
Investment	(days)	<u>Maturities</u>	 Value
Investments at fair value:			
U.S. equity	N/A	N/A	\$ 152,558

Risks and Uncertainties – The trust's investments include various types of investment funds, which in turn invest in any combination of stock, bonds, and other investments exposed to various risks, such as interest rate, credit, and market risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported for trust investments.

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Organization does not have the ability to limit trust investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Organization does not have the ability to limit the credit ratings of individual investments made by the trust.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of the Organization's investment in a single issuer. The Organization places no limit on the amount the Organization may invest in one issuer.

Custodial Credit Risk – Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty to a transaction, the Organization will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Pursuant to the trust agreement, investments are held in the name of the trust for the benefit of the Organization to pay retirement benefits of the Organization's employees.

For further information concerning the Organization's investments with the TCRS Stabilization Reserve Trust, audited financial statements of the Tennessee Consolidated Retirement System may be obtained at https://comptroller.tn.gov/content/dam/cot/sa/advanced-search/disclaimer/2020/ag19091.pdf.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2022

Note 7—Restricted cash, fund balance and net position

In addition to the TCRS Stabilization Reserve Trust Fund, the Organization has other restricted cash totaling \$388,839 at June 30, 2022, related to proceeds received under the Organization's notes payable to be used exclusively for ongoing construction and renovations of the Organization's schools. All amounts are considered restricted fund balance and net position.

Note 8—Risk of loss

Cash and Cash Equivalents – The Organization does not have formal deposit policies that address its exposure to custodial credit risk; however, it does limit deposits to those instruments allowed by applicable state laws. As of June 30, 2022, all bank deposits were fully collateralized and insured by institutions insured by the Federal Deposit Insurance Corporation.

Insurance – The Organization is exposed to various risks of loss similar to a commercial business, such as general liability, errors and omissions, and other situations. The Organization purchases commercial insurance for the significant risks of loss. Settled claims have not exceeded the insurance coverage limits during the Organization's operation.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

YEAR ENDED JUNE 30, 2022

Note 1—Basis of presentation

The accompanying schedule of expenditures of federal awards and state financial assistance (the "Schedule") includes the federal and state grant activity of Valor Collegiate Academies under programs of the federal and state governments for the year ended June 30, 2022 and is presented on the accrual basis of accounting. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of Valor Collegiate Academies, it is not intended to and does not present the financial position, changes in net position, or cash flows of Valor Collegiate Academies.

Note 2—Indirect cost allocation

Valor Collegiate Academies did not elect to use the 10% de minimis cost rate allowed under the Uniform Guidance.

Note 3—Subrecipients

Valor Collegiate Academies did not pass through any funding to subrecipients during fiscal year ended June 30, 2022.

Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Directors Valor Collegiate Academies Nashville, Tennessee

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the charter schools comprised of Valor Collegiate Flagship and Valor Collegiate Voyager (collectively, "the Organization"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Organization's basic financial statements, and have issued our report thereon dated February 28, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

cbh.com 48

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Cherry Bekaert LLP

February 28, 2023

Report of Independent Auditor on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

To the Board of Directors Valor Collegiate Academies Nashville, Tennessee

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Valor Collegiate Flagship and Valor Collegiate Voyager's (collectively, "the Organization"), compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Organization's major federal programs for the year ended June 30, 2022. The Organization's major federal program is identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings and questioned costs.

In our opinion, the Organization complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Organization's federal program.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Organization's compliance with the requirements of each major federal program as a whole.

cbh.com 50

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Organization's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Organization's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and report on
 internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of
 expressing an opinion on the effectiveness of the Organization's internal control over compliance.
 Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
